HOW TO MEASURE YOUR WRIST

1. Cut along the outline of the bracelet sizer. Cut a small slit on the dotted line.
2. Wrap the sizer around the thinnest part of your wrist. Make sure the numbers are facing out.
3. Slide the pointed end through the slit and tighten to a **SNUG** fit to determine your exact wrist measurement.
4. Order your exact wrist measurement. Your bracelet will be made between 3/4" – 84 mm to 1" – 254 mm larger than your wrist measurement, allowing for the right amount of wiggle room depending on the bead size.
5. All bracelets ordered in a custom size are final sale and may take up to 15 business days to ship.
